

A MAJOR BUSINESS BENEFIT

Join The Suffolk County Electrical Contractors Association Today!

The experience of understanding the tools of today will build the strong foundation of success tomorrow.

- 1. Your Business Advocate** The Association monitors and supports legislation which protects the integrity of the Suffolk County Master License. Presently two SCECA Board members sit on the County Electrical Licensing Board.
- 2. Business Assistance** The Association promotes networking among members, electrical inspectors, utilities, insurance companies, townships and other agencies that influence our trade as well as our business. Relevant questions are answered in the course of a General Meeting.
- 3. Newsletter** "The Light" is published monthly from September through June. It serves as a meeting reminder, and keeps members abreast of issues and topics of concern to our industry.
- 4. Special Events** Since 1938, SCECA has been a leader in Suffolk's electrical industry. We pioneered Electrical Safety Week on Long Island, and host the largest Electrical Vendors' Night Trade Show in Suffolk County. We offer seminars on the NEC as well as topics meant to grow your business, and your profits.
- 5. Counsel** The Association retains an attorney whose services are available to members at special rates. In addition, our attorney submits newsletter articles and provides meeting presentations on topics of concern.
- 6. Social Events** In addition to serving a cold buffet and beverages at our General Meetings, SCECA hosts an annual Holiday Party as well as a Summer Outing. These events provide the opportunity to network, or simply enjoy the company of folks related to our profession.
- 7. Business Referral/Website** Our professionally-developed website features a wealth of information and links for customers and contractors. Once you become a member, you may list your business by zip code. Prospective customers can then find your business through our website.
